P.O. Box 1065, Livermore, California 94551

General Meeting: The Saturday, June 14th meeting was attended by Bill & Charloa Burkner, Alice & Mike Ogden and Ed Barr. Ken & Charloa won the jumps. It was suggested that I make the jump days stand out more in these letters.

### 22 June 2008 - Lodi Jump Day

We had a good turnout for the jump day. Bill and I, Dave Elliott, Bob Hall, and Lee Wilcox attended. We were concerned about the weekend heat wave, but luckily the temperature dropped more than 10 degrees on Sunday and wasn't too bad. We made 4 jumps - two 5-ways and two 8-ways. The snap on my riser cover was kind enough to break off at the end of the jump day and not the beginning. We found a good Italian restaurant to go to, since our favorite Lodi Italian restaurant is closed on Sundays.

Has it been 12 years already? Bob Hall recently bought a new Cypress from Bill Dause and my Cypress expires in a few months. Bill was telling me that the price of Cypress' really hasn't gone up since it was introduced, but because of exchange rate changes, it will soon cost more to buy a Cypress. Hope to see all you dudes and worms at the next *Lodi jump day 20 July 2008.*
